

Cookie Policy

Last updated: 05/08/2026

1. What Are Cookies and Local Storage?

Cookies are small text files that are placed on your device (computer, tablet, or mobile phone) when you visit a website. Local storage works in a similar way: it lets a website keep small pieces of information in your browser. Both are widely used to make websites work properly and remember your choices.

2. What Do We Use?

We set a single **strictly necessary** item, stored both as a cookie and in your browser's local storage. It exists only to remember the cookie choice you have made.

We do **not** use:

- Analytics or performance cookies
- Advertising or targeting cookies
- Social media cookies
- Any third-party tracking cookies

Details of what we store:

Name	Provider	Purpose	Duration
clm_cc_consent	First-party (set by our website)	Records your cookie consent choice: the version of this policy you agreed to, the date and time of your decision, the categories you selected, and a random reference number used to log the decision.	180 days

3. Managing Cookies and Local Storage

You can control and delete cookies through your browser settings. To remove the local storage copy as well, clear your browser's site data for this Website. Please note that if you do, we will no longer have a record of your choice and may ask you again on your next visit.

Instructions for common browsers:

- **Google Chrome:** Settings → Privacy and security → Cookies and other site data
- **Mozilla Firefox:** Settings → Privacy & Security → Cookies and Site Data
- **Safari:** Preferences → Privacy → Manage Website Data
- **Microsoft Edge:** Settings → Cookies and site permissions

4. Changes to This Policy

We may update this Cookie Policy from time to time. Any changes will be posted on this page with an updated "Last updated" date. If we ever begin using cookies beyond those that are strictly necessary, we will update this policy and, where required, ask for your consent.

5. Contact Us
